Full PRESS RELEASE (Revised for Commercial Focus & Regional Promotion)

GO Riteway Expands Service Capabilities with New Fort Wayne, Indiana Terminal

Positioning the company as the premier commercial transportation provider across Northeast Indiana and Northwest Ohio

GO Riteway Transportation Group, one of the Midwest’s most trusted transportation providers for nearly 70 years, is proud to announce the expansion of its operations into the Greater Fort Wayne area with the opening of a new regional terminal. This investment strengthens the company’s commercial service offerings and expands its ability to meet growing demand from businesses, schools, colleges, healthcare organizations, and event partners throughout Northeast Indiana and Northwest Ohio.

The Fort Wayne terminal represents the next phase of growth following GO Riteway’s 2019 acquisition of Cardinal Bus, a well-established Indiana and Michigan operator based near Elkhart. That acquisition marked GO Riteway’s entry into both states and laid the foundation for continued eastward expansion. The new Fort Wayne location builds directly on that momentum—enhancing regional coverage, increasing fleet capacity, and brings GO Riteway’s service model closer to commercial clients across the region.

With this expansion, GO Riteway will now base a fleet of modern motorcoaches and shuttle vehicles directly in Fort Wayne—enabling faster response times, increased availability, and tailored transit solutions for corporate clients, large employers, educational institutions, and community organizations.

“Fort Wayne and the surrounding region are experiencing significant growth, and reliable transportation is a core part of supporting that momentum,” said Wendy Bast, Co-Chair of GO Riteway. “This new terminal allows us to bring our standard of safe, dependable, and customer-focused service to more partners across Indiana and Ohio. We’re excited to invest in this community and serve as a long-term transportation partner.”

The Fort Wayne terminal complements GO Riteway’s existing Indiana presence in the Elkhart area and represents another milestone in the company’s continued expansion across the Midwest—now spanning more than 30 operating locations in Wisconsin, Illinois, Michigan, and Indiana.

“Establishing a strategic hub in Fort Wayne positions GO Riteway to better support the region’s business community, schools, and major employers with the high-quality transportation services we’re known for,” said Steve Fazlovic, Chief Operations Officer. “Whether it’s workforce shuttle programs, university or K-12 transportation, athletic travel, corporate events, or large-scale project transportation, this market is a perfect fit for our capabilities.”

Expanded Services Now Available in Northeast Indiana & Northwest Ohio

The new Fort Wayne operation enhances GO Riteway's ability to serve a broad spectrum of regional needs, including:

- Employee & Workforce Shuttles for large employers, manufacturing plants, logistics hubs, and major construction projects
- Corporate & Executive Transportation, including chartered motor coaches and shuttle services
- University, College & K-12 School Transportation, supplementing or fully managing district and campus needs
- Athletics, Group Travel & Event Transportation for tournaments, conferences, and special events
- Hospital, Healthcare & Senior Mobility Services, including ADA-accessible options
- Retail, Casino, and Hospitality Shuttles

GO Riteway's locally based vehicles include motorcoaches, shuttle buses, executive vans, sedans, and specialized fleet options for commercial clients.

Investing in the Fort Wayne Workforce

The new terminal will create local driving, dispatch, and operational roles while furthering GO Riteway's long-term commitment to investing in the Fort Wayne region. Safety, service, and customer satisfaction remain central to the company's operations.

SOCIAL MEDIA-FRIENDLY SUMMARY (150 Words)

GO Riteway Transportation Group is expanding its Midwest footprint with the launch of a new regional terminal in Fort Wayne, Indiana.

Building on the company's 2019 acquisition of Cardinal Bus in the Elkhart area, the new Fort Wayne location strengthens GO Riteway's commercial transportation capabilities across Northeast Indiana and Northwest Ohio.

With modern motorcoaches, shuttles, and executive vehicles now based locally, GO Riteway can provide faster response times and expanded services to businesses, schools, colleges, healthcare networks, and event organizations. The terminal supports a wide range of solutions including employee and workforce shuttles, university and K-12 transportation, athletic travel, corporate and group charters, and ADA-accessible mobility services.

"We're excited to invest in the Fort Wayne region and bring our high standard of service to more partners throughout Indiana and Ohio," said Wendy Bast, Co-Chair of GO Riteway.

CHAMBER OF COMMERCE-READY BLURB

GO Riteway Transportation Group is proud to announce the opening of its new Fort Wayne regional terminal, expanding commercial and institutional transportation services throughout Northeast Indiana and Northwest Ohio. This growth builds on GO Riteway's 2019 acquisition of Cardinal Bus in the Elkhart area and enhances local access to motorcoaches, shuttles, executive vehicles, and ADA-accessible transportation.

The Fort Wayne terminal supports workforce shuttles, corporate travel, school and university transportation, athletic team travel, healthcare mobility services, and large-scale event transportation. The expansion also brings new local jobs and long-term investment to the community.
